

# Project Management Office (PMO)

Your Single-Source Partner for Program Precision and Accountability.

## Why MCG

- **Single-Source Solution:** One partner for planning, equipment, installation, and ongoing service
- **OEM Independence:** Service and repairs without factory-schedule delays
- **National Coverage:** Experienced field technicians deployed across the U.S.
- **Proven Reliability:** Trusted in data centers, utilities, heavy industrial, healthcare, and other mission critical environments

## Overview

Mission Critical Group (MCG) delivers centralized Project Management Office (PMO) Services that accelerate time-to-power through structured governance, unified oversight, and disciplined execution. As a vertically integrated, U.S.-based electrical systems provider, MCG integrates design, manufacturing, integration, and field services under a single program framework, ensuring projects are delivered on schedule, within budget, and without operational risk.

From concept through commissioning, MCG's PMO establishes clear accountability, streamlined communication, and proactive risk management to support mission critical and behind-the-meter power applications nationwide.

## Services

### Program Governance & Oversight

- Centralized program and portfolio management
- Integrated master scheduling and milestone tracking
- Budget development, forecasting, and cost control
- Risk identification, mitigation planning, and escalation management
- Change order management and scope control
- Vendor and subcontractor coordination
- Executive reporting and stakeholder communications
- Quality assurance and compliance tracking

### Execution Management

- Cross-functional coordination across engineering, manufacturing, modular, and services teams
- Resource planning and capacity alignment
- Procurement and long-lead equipment coordination
- Supply chain and delivery timeline management
- Installation sequencing and field integration planning
- Commissioning readiness oversight
- Documentation control and closeout management
- Performance tracking and KPI reporting

## Powering What's Next

MCG delivers end-to-end support for the entire power lifecycle — from expert engineering and controls integration to startup, maintenance, and modernization — all backed by a dedicated PMO that ensures every project is executed with precision, speed, and total accountability.
